MEMORANDUM FOR: Mr. Eugene Kiefer, DPS/DCI 27 June 1958
THROUGH : Director, Development & Procurement, DPS/DCI

Herewith is a proposal that reached me through Dick Leghorn (the "Dick" to whom the covering note is addressed is Leghorn). It embodies the thinking of a group with which he is in contact in California. I feel that it is of no current interest since we have made our basic design decisions and supplier selections for CORONA and have no intention of reconsidering. It may be valuable, however, to keep in our files the records of the men who are concerned with this proposal.
